SUMMARY

Frontend Engineer with a strong track record of building scalable, user-friendly web and mobile applications that drive product adoption and streamline onboarding experiences. Adept at crafting performant, accessible interfaces using modern JavaScript frameworks and collaborating across product, design, and engineering teams. Passionate about experimentation, continuous improvement, and delivering impactful solutions that enhance customer engagement and internal efficiency.

TECHNICAL SKILLS

- **Frontend Development:** React.js, Next.js, Svelte, Redux, JavaScript, Typescript, HTML, CSS, Styled Component, Sanity, REST, GraphQL, NPM, Lerna, Sanity (Headless CMS).
- **Mobile Development:** React Native (Expo).
- **Testing:** Jest, Storybook, React testing library, Cypress, Mocha + Chai, Enzyme.js.
- **Deployment & Build Tools:** Vercel, Netlify, VS Code, Cursor, Google Analytics, Sentry, CircleCI, Github Actions, Git, GitHub, Bitbucket.
- **Project Management:** JIRA, Pivotal Tracker, Shortcut, Trello.
- **Design Tools:** Figma, Photoshop.

WORK HISTORY

Frontend Engineer

Wayhome, Feb 2023 - Present

- Engineered customer-facing web applications with a focus on performance, accessibility, and responsive design.
- Built and maintained a scalable monorepo design-system component library used across multiple products.
- Developed onboarding tools and internal admin interfaces that reduced manual operations by 10+ hours weekly.
- Led migration of task management systems, improving team productivity and reducing operational costs.
- Implemented robust testing strategies to ensure reliability and smooth user journeys.

Senior Frontend Engineer (Mobile/Web)

Quidax, Mar 2022 - Dec 2022

- Delivered a USDT savings feature and optimized payment flows for premium users.
- Built and tested an admin management tool for voucher payments, enabling ₦750M+ in fiat transactions.
- Collaborated with backend engineers to deliver seamless API integrations and end-to-end features.

Senior Frontend Engineer (Contract)

Center Health, Feb 2022 - Sep 2022

- Designed and optimized a provider dashboard with 20+ widgets to improve onboarding and usability.
- Created reusable components in Storybook to accelerate feature deployment and maintain consistency.
- Reduced integration time through efficient service architecture and proactive issue resolution.

Frontend Engineer (Lead)

Softcom, Nov 2019 - April 2022

- Spearheaded UX improvements for complaint and logistics management systems.
- Maintained and enhanced financial tools, including BVN SDK enrollment and admin portals.
- Contributed to the development of a financial app enabling peer-to-peer transfers via phone/email.
- Delivered scalable web solutions that supported growth and improved customer experience.

Full Stack Engineer

ANDELA, Jul 2018 – Sep 2019

- Built internal tools to accelerate product delivery and improve client satisfaction.
- Mentored junior engineers and fostered a collaborative, growth-oriented engineering culture.

EDUCATION

University of Port Harcourt

B.Eng. Mechanical Engineering | Second-Class Upper Division (2:1)

2009 – 2015
